QUERY

Honorable Sir:

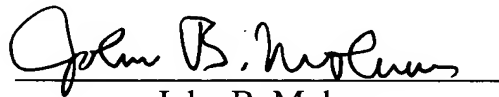

We have received a Notice of Allowance, dated August 25, 2004, for the above-identified application. Upon reviewing the file history for application in the PAIRS system, a copy of which is enclosed, we note what appear to be requirements to mail formal drawings and oath or declaration. The requirements in question are high lighted on the copy of the file history. We have also enclosed a copy of the Notice of Allowability that does not indicate that formal drawings are required. Additionally, we have enclosed copies of the executed Inventor's Declarations that were filed with the application.

We have further enclosed a copy of the Assignment data entry currently present in the PAIRS system that does not include an Assignee name and address. We have

recorded an Assignment transferring ownership to Hayes Wheels International. A copy of the Notice of Recordation is also enclosed.

It is respectfully requested that the above described matters be clarified. We do expect to prepare and submit a set of formal drawings before paying the issue fee so that the patent will issue with same.

Respectfully submitted,

A handwritten signature in cursive script, reading "John B. Molnar", written over a horizontal line.
